

### Design For Sound

Built by Monitor Audio - acknowledged worldwide for its expertise in audio design for over forty years, the A100 blends true audiophile sound quality with 21st century technology and style. It's able to drive all but the largest of speakers by generating fifty watts of powerful Class A/B amplification per channel. Class A/B is a purely analogue amplifier design used in the best high-end audio amplifiers. Whichever source you choose, the A100 will render the sound with astonishing scale, detail and drama.

### Simply Connect

The breadth of analogue and digital input options available from the A100 provides virtually unlimited system compatibility. It can be used on its own, or as part of an audio/TV based system providing great sound for TV channels and games as well as legacy support for formats such as CD. If smaller speakers are used, add bass punch with a subwoofer connected to the A100's line outputs.

### Use Airplay

After a simple set up onto your existing Wi-Fi network, you'll be able to navigate the music collections on your Mac® or PC, iPhone®, iPad® or iPod touch®, and stream uncompressed audio to your speakers in any room. Experience Spotify™, Last.FM™ and YouTube, and use the A100 in multiples to deliver the widest choice of online favourites to any number of rooms within network range. Away from a WiFi router, you can still play to the A100 from your iOS device using Airstream direct.

### DLNA Compatible

The A100 also supports DLNA (Digital Living Network Alliance) streaming, allowing any third party DLNA app for iOS, Android and windows mobile to be used.

## Simply Control

Front panel controls and the A100's slender Remote control unit provide effortless switching between all input sources. A front-mounted USB connection gives you easy access for charging your mobile device and provides Wi-Fi sharing setup feature.

## Lifestyle Appeal

The super-slim A100 is a stunning union of rigid polymer and die-cast aluminium, which looks cool and acts cool as well by doubling as a silent heat sink. Each end of the beautifully curved and compact A100 design is protected by durable toughened glass trims to preserve its designer looks in horizontal or vertical positions. Available in a choice of white or black the A100 will blend with any environment, even when space is at a premium.

If you're already in love with the immediacy and choice of music available on-line, the A100 is the only new hi-fi component you'll ever need. Yes, it's genuine hi-fi but more intelligent, intuitive and versatile than ever before.

## Features

**Multi-Zone wire-less integrated stereo amplifier / Compatible with Apple Airplay™ / Airstream™ direct (connect directly to iOS devices without a router) / Simple connection to Wi-Fi network using Wi-Fi sharing / 2 x 50 Watts audiophile quality Class A/B amplifiers / Totally silent operation / High resolution DAC / Software upgrades over Internet via Wi-Fi: future proofed, simple and automatic / IR Remote control unit / Stereo RCA analogue inputs / Stereo RCA pre/sub-woofer outputs / S/PDIF (Digital) optical input / DLNA compatible / Vertical or horizontal orientation – Stand included / White or black finish options with contrasting glass side trims**

Frequency Response	20Hz - 20KHz
Power output	2 x 50 watts
Loudspeaker Impedance	4-8 Ohms
A.C input voltage	90-264 V (auto-range)
Amplifier Category	Class A/B
Power Consumption	0.33 watts (Standby) 120 watts Maximum
Models Supported	iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPhone 4, iPhone 3GS, iPod Touch, iPad Air, iPad Mini, iPad 4, iPad 3, iPad 2, iPad - with iOS 4.3.3 or greater PC or MAC running iTunes 10.2.2 or greater
Supported File Formats	AAC, ALAC, MP3 WMA, LPCM, Ogg Vorbis, FLAC
Server Interoperability	DLNA 1.0/1.5 UPnP 1.0 AV Media Server Airplay enabled devices; PC/MAC/iOS
Wireless network protocol	802.11 b/g
Dimensions (Horizontal, W x D x H)	37.3 x 20.5 x 5 CM (14.5 x 8 x 2 Inches)
Colour/Finish	Black or White
Weight	1.9Kgs (4lb 3oz)
Approvals	ETL / CE / FCC / CB / Erp / Wi-Fi / Wi-Fi WMM / Apple MFi Certified

**Availability: March 2014**
